ARRANGEMENT OF EXHIBITS

All booths will be 10 feet deep and 10 feet wide, except where otherwise marked. No construction or drapes above 36 inches will be allowed at the side of booth which may obscure the view of adjacent booths. Exhibitors must confine their displays to the space assigned. Management reserves the right to restrict exhibits which are objectionable, or order removed any portion of an exhibit which, in their discretion, is detrimental in detracting from the general order of the exhibits. In aisle spaces with aisles on all four sides, construction may be permitted to a maximum height of eight (8) feet in the center only. In aisle spaces surrounded by aisles on only 3 sides, the background must be on the side that is not on the aisle. The background at this point is to be 8 feet high.

Information on electrical service will be included in the exhibitor kits provided by the convention decorator.
